## UC-05: view account info/edit

Covers: FR-05

Actor: Manager / User

Pre-condition: logged in

Main Success Scenario

1. Actor clicks and goes to the Account section
2. Actor fills in the required information
3. Actor confirms

Extensions:

3a. Not all required information is filled in or not filled in correctly

1. System shows a message that says there is missing information or wrong input

2. Return to main success scenario

## UC-06: add aircraft

Covers: FR-06

Actor: Admin

Pre-condition: logged in

Main Success Scenario

8. Actor goes to the aircraft section
9. System displays all aircrafts
10. Actor clicks on add button
11. System displays the Add New Aircraft Form
12. Actor fills in the required information
13. Actor confirms
14. System confirms and saves the information

Extensions:

6a. Not all required information is filled in

1. System shows a message that says there is missing information

2. Return to main success scenario

## UC-07: editing an aircraft

Covers: FR-07

Actor: Admin

Pre-condition: logged in

Main Success Scenario

9. Actor goes to the aircraft section
10. System displays all aircrafts
11. Actor selects an aircraft
12. Actor clicks on edit button
13. System displays the Edit Form
14. Actor fills in the required information
15. Actor confirms

16. System confirms and saves the information

Extensions:

7a. Not all required information is filled in

1. System shows a message that says there is missing information

2. Return to main success scenario

## UC-08: deleting an aircraft

Covers: FR-08

Actor: Admin

Pre-condition: logged in

Main Success Scenario

7. Actor goes to the aircraft section
8. System displays all aircrafts
9. Actor selects an aircraft
10. Actor clicks on delete button
11. System displays a message that it was successfully deleted and displays the new list of medicine in the list box
12. Actor confirms

## UC-09: add destination

Covers: FR-09

Actor: Admin

Pre-condition: logged in

Main Success Scenario

15. Actor goes to the destination section
16. System displays all destinations
17. Actor clicks on add button
18. System displays the Add New Destination Form
19. Actor fills in the required information
20. Actor confirms
21. System confirms and saves the information

Extensions:

6a. Not all required information is filled in

1. System shows a message that says there is missing information

2. Return to main success scenario

## UC-10: editing a destination

Covers: FR-10

Actor: Admin

Pre-condition: logged in

Main Success Scenario

17. Actor goes to the destination section
18. System displays all destinations
19. Actor selects a destination
20. Actor clicks on edit button
21. System displays the Edit Form
22. Actor fills in the required information
23. Actor confirms

24. System confirms and saves the information
